who are reimbursed a 100 percent of...in essence, it would be...they qualify the same. The issue has been raised whether it shouldn't apply to provider, whoever the organizational structure might be, and I have no problem. It was not...actually, it was not discussed in committee, as I recall, one way or the other. In fairness, I should tell you that I would assume that there would be some private providers that may express some concern about changing these words but there is certainly a lot of logic to what Senator Lynch proposes.

SENATOR MOREHEAD: Thank you.   The Chair recognizes Senator Abboud.   There are no other lights.   Senator Lynch, for closing. Closing has been waived.   Vote on the proposed amendment by Senator Lynch. Will you please vote if you care to vote. Have you all voted? Record, Mr. Clerk.

CLERK: 30 ayes, 0 nays, Madam President, on adoption of Senator Lynch's amendment.

SENATOR MOREHEAD: The amendment is adopted. Are there further amendments, Mr. Clerk?

CLERK: I have nothing further on the bill, Madam President.

SENATOR MOREHEAD: There are no other amendments pending. Senator Warner, for closing.   Senator...is there further discussion before the Legislature?   Further discussion on LB 780?   Seeing no other lights for further discussion, the proposal before the Legislature is the advancement of LB 780. All those in favor say aye.   Opposed with the same sign. LB 780 is advanced, over the objection of Senator Chambers. The next bill, Mr. Clerk.

CLERK: Madam President, if I might right before that, items for the record.   Senator Vard Johnson has amendments to 417.   (See pages 2163-64 of the Legislative Journal.)

I have resolutions.   LR 150 from Senator Schmit, Moore and Pappas. (Read explanation of LR 150. See pages 2164-65 of the Legislative Journal.)   LR 151 by the Rules Committee. (Read explanation of LR 151.   See page 2165 of the Legislative Journal.)   Those both will be referred to the Reference Committee.   LR 152 by Senator Beyer.   (Read explanation of LR 152.
